

The Dog & Oyster Vineyard

The vineyard consists of more than 6 acres of Vinifera and French American Hybrid vines.

The Dog and Oyster Vineyard

With an inn earning top notch reviews from travel and leisure magazines under their belt, Peggy and Dudley Patteson branched out with the purchase of a neighboring vineyard property, in 2011, and the Dog and Oyster Vineyard was born. The vineyard is six acres of Vidal Blanc, Chardonnay, Chambourcin and Merlot and has produced many award winning wines – both internationally and nationally thanks to the maritime climate of the Chesapeake Bay which is similar to that of Bordeaux .

The oversized corkscrews, at the entrance to the vineyard ,and the Wine Stand , which resembles an upscale produce stand, produce a lighthearted take on the wine industry that is sure to steal your heart, and welcome your flip flops and tee shirt. The stand offers both wines and gourmet seafood specialties of the Chesapeake Bay. There are 3 bedroom tents near the vineyard for romantic getaways.

“ My husband and I took a trip along the wine trail last fall. This winery was the one that stood out the most to me, all these months later. I loved how quaint the place was, and the outside patio tasting room had a great feel. The property was interesting and it had a neat back story with the name. ”
